

Workshop Title: Ensuring safe access to education in zones of conflict

Convener's name, organisation : Maria Luisa Macieira, SOS Children's Villages Switzerland

Main issues, questions discussed:

- **Who** ensures safe access to education?
- 19 INEE Standards
- New integrated child protection approach for education
- "This is the way it is"
- Holistic approach
- "Survival mode"
- Do no harm approach
- Neutrality
- Lessons learned from Covid pandemic
- Prevention
- Peer education
- Physical environment – countries sign "Safe school declaration"
- Technology / radio – community supervisors
- Different types of formal education
- Informal education
- M&E: who develops KPIs?

Conclusions: Important to take time, have inputs from local actors, think about "simple" aspects such as way to school, think outside the box. The knowledge should come from local actors.

Do you have any concrete recommendations? (to yourself, to participants, to RECI, to other actors?)

- Take time
- Inputs from local actors
- Community participation
